CASE STUDY #122

We Need a Grain Storage Shed - URGENTLY!!!

AUSPAN Scope Outline

Value Bracket | \$50-100K
 Manufacture | 3 weeks
 Site Time | 5 Days

24x21m Multi-purpose Agriculture Produce/Machinery Storage Shed.

CLIENT BRIEF

URGENT - We need a grain storage shed.....and it needs to be operational in 6 weeks time.

AUSPAN'S SOLUTIONS

AUSPAN designed and constructed a quality multi-purpose grain, fertiliser, machinery storage shed in record time. The building was up and running within 6 weeks of the order being placed.

Challenges

With the time-frame being the key to delivering this project to the clients needs meant that the project needed to be managed closely without any room for setbacks. This was a great test for the AUSPAN building process which shone.

Features

- ▶ This Shed is a multi-purpose facility making it a cost effective solution to the farm storage needs all year round - storing grain, fertiliser and machinery.
- ▶ The concrete walls mean the shed is secure and maximises the ability to store a range of produce
- ▶ Under floor auger hoppers were installed to allow easy unloading of the shed

IN OUR CUSTOMER'S

OWN WORDS...

AUSPAN were flexible to deal with and dedicated to deliver the shed we needed in the short time frame that we needed it in.

They made it easy to get what we needed when we needed it.

The product was great too – including concrete walls & grain hoppers. The shed is in use all year round protecting either grain or machinery making it a well worthwhile investment.

IN AUSPAN'S

OWN WORDS...

With the time-frame being the key to delivering this project to the clients needs meant that the project needed to be managed closely without any room for setbacks. Overall it was a great challenge & great reward meeting the deadline and seeing the facility in use on the final site trip.

Ben Richardson – Project Manager

A perfect challenge! This project was a great chance for AUSPAN to prove itself. From the first call I knew AUSPAN's process was the only answer to meet the clients needs. I'm so thankful the client realised this and gave AUSPAN the chance to reward them.
