## CLIENT BRIEF

The Shire of Yalgoo requested a distinctive 3-tier curved arena cover for the communities multi-purpose sports facility.

## AUSPAN'S SOLUTIONS

Auspan worked with the local council to come up with a design and construction package that would give character and uniqueness to the communities new multi-purpose sports facility cover.

Having limited access to one side of the structure was a challenge for the install. This was overcome after discussing options with the install team and crane company prior to starting the project to work out a suitable lift plan.

### Features

- ▶ The cover has a unique curved design which give a distinctive and enhanced appearance to the structure.
- ▶ The AUSPAN 3-tier tier roof design with the top section highlights improved airflow while adding to the aesthetics of the building.
